# Requirements of the Library Webpage

1. The Webpage should contain the following headings, such as, Home, About the library, Resources, Services, Rules and Regulations, Human Resource and Contact.
2. An arrangement should be made to create an interactive search page which enables the user to search on the title, author and subject of the library books.
3. Provision should be made for login to other databases from library webpage and links to the other useful websites should be established for the users.
4. Above all the entire design of the webpage should be as per college library and easily usable by the members.
